\*\*\*\*\*

#### **TO APPLY FOR THIS POSITION, PLEASE FOLLOW THE INSTRUCTIONS LISTED BELOW.**

1. Applicants desiring to be considered for this position should apply directly with the Sarasota-Manatee Airport Authority by visiting our website @[www.flysrq.com](http://www.flysrq.com); or, calling 941-359-2770 ext. 4766.

Return your completed SMAA application to the address shown on the signature page of the application form;

OR fax it to 941-359-5024; OR email it to [application@flysrq.com](mailto:application@flysrq.com).

Only Sarasota Manatee Airport Authority (SMAA) application forms will be accepted.

2. Minimum qualifications must be met by the closing date in order to be considered eligible for the position. Resumes may be submitted as supplements but cannot be accepted in lieu of an application. Applications and resumes are subject to disclosure under the Florida Sunshine Law.
3. Veterans' Preference documentation, reference names, etc. must be submitted at the time of application. In accordance with the Immigration Reform and Control Act, appropriate identification documents verifying eligibility for employment will be required for the applicant who is hired.
4. The Sarasota Manatee Airport Authority participates in E-Verify. Federal law requires all employers to verify the identity and employment eligibility of all persons hired to work in the United States.
5. Your application will not be considered unless complete answers are provided to all questions on the application.
6. The Airport Authority's Drug-Free Workplace Program requires that applicants take and pass a drug/nicotine test prior to being hired

**SARASOTA MANATEE AIRPORT AUTHORITY**

**JOB CLASS SPECIFICATION**

Job Code: 5031  
Date Approved: 11/23  
Grade: 30

**JOB TITLE:** Fleet Mechanic II

**REPORTS TO:** Facilities Fleet Supervisor

**DEPARTMENT:** Facilities

**FLSA STATUS:** Non-Exempt

**JOB SUMMARY**

Under limited supervision, oversees, assigns, trains, and participates in activities of mechanics performing skilled work in repair and maintenance of automobiles, light and heavy-duty trucks, other gasoline and diesel equipment, and Fire and Police Department vehicles including diagnosis, repair, and preventive maintenance activities to assure Airport vehicles and equipment are safe, efficient, and fully operational.

**JOB RESPONSIBILITIES**

**Essential Job Responsibilities:**

Coordinate, oversee, and assist in the work of other mechanics. Instructs and trains them in repairing, adjusting, and maintaining motor vehicles and gasoline and diesel-powered construction and maintenance equipment. Reports any problems to the Supervisor.

Performs preventive maintenance programs for vehicles and equipment including specialized Fire and Police Department vehicles.

Diagnoses problems, analyzes various solutions and makes recommendation for repair or replacement in the most efficient and cost-effective manner.

Performs general overhaul work on internal combustion engines and equipment components and accessories.

Adjusts and relines brakes and maintains hydraulic and electrical systems.  
Conducts preventive maintenance inspections and makes repairs on Fire Department vehicles and pumping equipment to ensure equipment is functioning and available in compliance with FAA regulations.

Repairs power mowers, tractors, sweepers, forklifts, backhoe, air compressors, generators, pumps, and related machinery and small equipment.

Estimates approximate hours, prices, and materials needed for each project. Requisitions tools, materials, and supplies needed through a purchase order system.

Performs most emergency repairs on all types of equipment.

**Other Related Responsibilities:**

Assists in planning, assigning and scheduling work for other mechanics. Maintains records on repairs and preventive maintenance performed on tools, vehicles, and equipment.

Runs all vehicles or equipment sitting idle on a weekly basis. Performs maintenance or repairs if necessary.

Performs other related duties as required.

**MATERIALS AND EQUIPMENT USED**

Hand Tools, Welding Equipment, Testers, Drill Press, Lifts, Metal Grinders, Repair Manuals, Battery Testers, Battery Charger, Timing Lights, Volt Meters, Computerized Engine Analyzer.

**QUALIFICATIONS REQUIRED**

**Where "preferred" is indicated, the qualification is not essential.**

**Education and Experience:**

High School Diploma or GED.

Five years' experience in automotive mechanics.

Trade school courses in automotive mechanics,

Completion of a Fire Department equipment maintenance and repair course

**Licenses and Certifications:**

Valid Florida License or must obtain within ninety (90) days of assuming the position.

Master Automobile Technician Certification.

**Knowledge, Skills, and Abilities:**

Knowledge of methods, practices, and procedures for repairing, overhauling and maintaining automobiles, trucks, and heavy equipment.

Knowledge of operating principles of internal combustion engines.

Knowledge of principles of hydraulics and electrical and mechanical systems related to gasoline and diesel equipment operation.

Knowledge of and ability to perform automotive and heavy equipment repair and maintenance.

Knowledge of work-related safety precautions.

Knowledge of the materials, tools, test equipment, and methods used in vehicle maintenance.

Knowledge of and skill in welding, **preferred**.

Skill in use of hand tools.

Ability to operate diagnostic and test equipment and utilize test data to determine mechanical defects and corrective measures.

Ability to lift objects up to 50 pounds.

Ability to perform strenuous and routine physical work.

Ability to read and interpret schematics and specifications.

Ability to understand and follow oral and written instructions.

Ability to develop and maintain effective working relationships with superiors, fellow employees, and the general public.

Ability to communicate clearly and effectively, both orally and in writing.

Ability to instruct and train subordinate personnel.

**Work Environment:**

Generally involved in hands on work. Most work is conducted in a covered shop area. At times, the individual is required to work on vehicles in the field.

**Physical Requirements:**

As a Mechanic hands on work is necessary. Therefore, the Mechanic must have the physical ability to lift objects of up to 50 pounds and be able to perform strenuous and routine physical work. The Mechanic must be diligent in adhering to all work-related safety rules, procedures and regulations and take the precautions necessary to comply with the Airport Authority safety policy.

**Mental Requirements:**

In the capacity of a Mechanic, the individual conducts preventive maintenance, provides emergency repairs, diagnoses problems, analyzes various solutions and makes recommendation for repair or replacement on a variety of small engine and heavy-duty machinery, vehicles, and specialized Fire Department equipment to meet FAA Standards.

**Environmental Requirements:**

The Mechanic is involved in hands on work. Most work is conducted in a covered shop area; however, at times the individual is required to work on vehicles in the field.

**Summary Clause:**

The duties and responsibilities listed in this job class specification are intended only as illustrations of the various duties to be performed and are not all inclusive. The omission of other specific duties does not exclude them from being performed by the Mechanic if the duties are similar, related, or a logical assignment to the position. This job class specification does not constitute an employment contract between SMAA and the Mechanic and is subject to change at the discretion of the Airport Authority.

*This class specification should not be interpreted as all inclusive. It is intended to identify the major responsibilities and requirements of this job. The incumbents may be requested to perform job-related responsibilities and tasks other than those stated in this description, but which are commensurate with similar levels of responsibility. ALL REQUIREMENTS ARE SUBJECT TO POSSIBLE MODIFICATION TO REASONABLY ACCOMMODATE INDIVIDUALS WITH DISABILITIES.*
